

YEAGER AIRPORT

FOR IMMEDIATE RELEASE

PRESS RELEASE

AMERICAN AIRLINES TO ADD DAILY YEAGER AIRPORT (CRW)— CHICAGO O’HARE (ORD) FLIGHT

Beginning September 4th, 2019, American Airlines passengers will be able to travel to Chicago’s O’Hare International Airport (ORD) from Yeager Airport (CRW), daily.

This additional flight to Chicago adds to continued growth at CRW, which experienced a 6.5% increase in enplanements in 2018 and has already seen an 8% increase thus far in 2019. The increase represents more than 3,386 additional enplanements compared to this time last year.

“This will also help keep airfare out of CRW competitive,” says Airport Director, Terry Sayre, “and provide additional options for our passengers to connect to new destinations.”

In 2018, OAG, the global authority on air service information, named the American Airlines hub at Chicago O’Hare International Airport the best-connected U.S. airport and a leading international hub — second only to London Heathrow (LHR) — in its 2018 Megahubs U.S. Index. ORD has 506 daily flights that serve 137 destinations in 12 countries.

“Everyone at CRW is working tirelessly to improve our flight offerings, our facility and the general passenger experience,” said Sayre. “We would not be where we are today without the support of our Governor, our Congressional Delegation and the Kanawha County Commission.”

American Airlines offers nonstop flights between CRW and Charlotte Douglas International Airport (CLT), Philadelphia International Airport (PHL) and Ronald Reagan Washington National Airport

(DCA). American Airlines and American Eagle offer an average of nearly 6,700 flights per day to nearly 350 destinations in more than 50 countries.
